OVERVIEW

GOAL

Goal of our project is to empower young individuals by enhancing their digital literacy and cybersecurity awareness. We aim to equip them with the knowledge and skills necessary to navigate the online world safely and responsibly, while also fostering a sense of intercultural understanding and collaboration. Through this program, we aspire to inspire participants to become proactive advocates for a safer digital environment, leveraging innovative AI tools to create meaningful change.

OBJECTIVES

To educate young participants about the essentials of cybersecurity and the importance of maintaining personal safety online, addressing specific issues such as sexting and cyberbullying.

To develop participants' digital skills, particularly in the use of AI and social media management tools, enabling them to create impactful and educational content.

To encourage intercultural exchange and teamwork among participants, promoting understanding and collaborative efforts in addressing global digital challenges.
